### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Richard Giunta on July 24, 2006.

The application has been amended as follows:

Claim 14 has been amended to include the following underlined sections and to omit the bracketed sections.

A method for managing access to a storage system by a plurality of devices that are coupled to the storage system via a network, the method including acts of:

(a) in response to a non-media access request by a first of the plurality of devices to a logical [volume] device at the storage system for which the first device has no data access privileges, determining, based, at least in part, on an identity of the first device, whether the first device is authorized to have non-media access to the logical [volume] device;

(b) authorizing the non-media access request when it is determined in the act (a) that the first device is authorized to have non-media access to the logical [volume] device;

wherein the act (a) includes an act of, in response to the non-media access request by the first device to a logical volume of data at the storage system for which the first device has no data access privileges, determining whether the first device is authorized to have non-media access to the logical volume;

Art Unit: 2187

wherein the act (b) includes an act of authorizing the non-media access request when it is determined in the act (a) that the first device is authorized to have non-media access to the logical volume; and

wherein the acts (a) and (b) are performed outside of the storage system.
